Sometimes before big classes I get a bit nervous but I am usually pretty good with staying in control of my nerves.

### **What do you do to help with your nerves?**

I take deep breaths, go over my course and remind myself that my horse will always try his heart out for me and I like to think of competitions more as having fun with my horse instead of thinking I need to win the class.

### **What would you do if you weren't riding?**

I honestly have no idea because riding is the biggest part about me and I don't think I would be the person I am today without it.

### **When did you buy your first horse?**

I got my first pony when I was ten.

### **What horses do you have now? What are they all like?**

I have one horse at the moment, Scribble. Scribble, he has the biggest heart, and always gives 100 percent over every fence. I could not ask for a better teammate.
